

# The special Porsche Club Deutschlandtreffen at the North Sea Coastal area 2005

Porsche Club Ostfriesland, September 1 – 4, 2005

Dear Porsche friends,

Our round trip through Germany leads us this year way up to the coastal area of the North Sea with the logo "Das besondere Deutschlandtreffen an der Nordseeküste" in the City of Emden. Once you have been in Ostfriesland you certainly will come again. The historic and the cultural history of the coastal country sight is very impressive. Together with the Porsche Club Ostfriesland, who this time will be the host, we have prepared a very attractive programme.

**What is special at this meeting?** We are inviting you into an area, whose beautiful and picturesque country sight most of you do not know yet. Into an area, where we cannot offer you castles or fortresses, but who is offering many unique sights and attractions.

**Was can you expect at the North Sea coastal area?** We are inviting you to four interesting days with Porsche friends.

**Thursday:** The Deutschlandtreffen will start with the Welcome reception in the hotel Faldernpoort. The Golf players amongst you will have the possibility to join us for a tournament early in the morning at the beautiful 18 hole golf course Wiesmoor before the official German meeting will start.

**Friday:** For the Concours d'Elegance in the middle of the city the whole area around city hall and the „Delft“, which belongs to the port, is reserved exclusively for the presentation of our Porsche cars.

# Porsche Club

Ostfriesland e.V.

Starting from there we drive to Papenburg where we will have lunch in the Hotel Alte Werft and visit the biggest dry dockyard in the world, the "Meyer Werft". You will be able inside the dockyard to observe the workers from the visitors deck and have a look into the transatlantic liners, which are built there at the moment. In the evening we go by bus to Aurich where we are celebrating a typical Ostfriesen party in the Landgasthof "Alte Post".

**Saturday** we will enjoy a beautiful drive

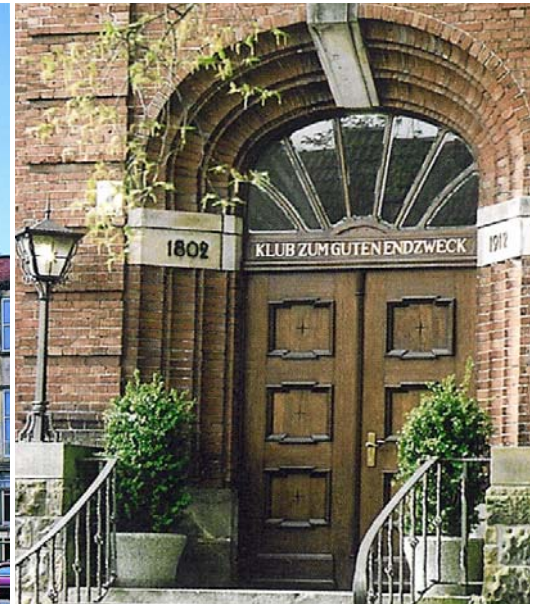

around the coastal line a "Fahrt durch Marsch und Geest", with different activities. We will start this drive with a highlight. In Rysum we will visit an old village church with the oldest organ of the world from the year 1475. Mr. Dahlke, Leader of the Organeum, will give us a demonstration of the rarity. Then we will continue the drive to the Pilsum Lighthouse and pass the most leaning tower of the world. We make a stop at the picturesque fishing village Greetsiel and in Marienhafen, the hideaway of the buccaneer Klaus Störtebeker, just to mention some of the highlights.

The Gala Dinner Dance and programme will take place in the attractive surroundings of the Johannes a Lasco Bibliothek. A medieval ruin, a big church bombed in 1943 which has been reconstructed with modern architecture to a scientific library. You will be surprised.

On **Sunday** we will meet for the Brunch, prize giving and Fare well at the "Klub zum guten Endzweck".

The Porsche Club Deutschland and the Porsche Club Ostfriesland as host look forward to meeting you.
